Re: Donations of Masks and other Personal Protective Equipment During the COVID-19 Crisis

To Whom It May Concern:

As the COVID-19 pandemic evolves, Maimonides Medical Center Donor Center is doing everything to protect our Donor specialists. During COVID-19 outbreak, there is shortage of blood supply and our Donor specialists have been closed contact with all kinds of donors, which lead to high-risk exposure to asymptomatic COVID-19 carrier.

As Donor Center Manager and donation recipients, I will take full responsible for any defects in the quality or performance of donated PPE.

Thank you for your generous donation

Dear Mr. King,

Thank you for answering the call to support our Providence Heroes on the frontline, caring for our COVID-19 patients. We are in an unprecedented crisis and are so proud of our caregivers and physicians who continue to run toward those patients who need their help. On behalf of all the patients whose lives they are working to save, thank you for providing **200 face shields** for our caregivers.

As we meet this crisis head-on, Providence remains steadfast in our dedication to the health and well-being of our patients, caregivers and physicians, and the community. Our caregivers represent the largest healthcare workforce in Southern California. We are infinitely proud of the work they do every day. And, thanks to you, we are able to provide them with vital protective equipment and supplies needed today and in the coming weeks.

I hope you are on our email list so you can receive important updates and information. If not, please contact Louisa Gamil at Louisa.Gamil@Providence.org.

Thank you again. Be well and stay safe.

Sincerely,
